

Heavy Weapons	Firecon	Base impact	Rules
Twin Gauss Autocannon (GACs), size class 1	Enhanced (d8)	d12 (impact value: size class)	p29
Heavy Plasma Cannon (DFFGs), size class 1	Enhanced (d8)	d12 (impact value: size class x2)	p29

Twin Rail-Mortars			
Warheads:	Impact value vs infantry	Impact value vs point targets	Burst radius
General purpose	d8	d8	3"
Anti-Personnel rounds	d12	d8	3"
Anti-Armour rounds	d6	d12x2	3"
In order to request artillery support, exceed LV plus:			
+0 if called by Artilley Observer Element			
+1 if called by Lieutenant			
+2 if called by NCO			
In case of a successful request, fire support arrives the same turn.			
Minimum range: Burst radius x 5 (15")
